

RIGHT TO LIFE ASSOCIATION OF THUNDER BAY and AREA

The Right to Life Association of Thunder Bay and Area is a volunteer nonsectarian, human rights organization dedicated, through education, to providing a sure and certain voice regarding the care and protection of the unborn, women hurt by abortion, the infirm, the disabled and the aged. We oppose the violence of abortion, fetal and embryonic experimentation, unethical reproductive technologies, infanticide, assisted suicide and euthanasia.

Established in 1971, Right to Life has since grown to be one of the busiest pro-life educational organizations in Canada. We maintain current factual research files and are committed to keeping Canadians informed. Right to Life Thunder Bay encourages pro-life projects and initiatives in the community. We monitor and respond to bias in the media, popular culture and government policy that promotes attitudes and practices that are not life affirming.

OUR BELIEFS

In spite of the many complexities we face in the world today, there is one issue that can only be understood in absolute terms: the inherent value and dignity of all human life from the moment of conception until natural death. Respect for the inherent value and dignity of all human life is non-sectarian in nature, transcending race, religion, social status, and all other potentially divisive classifications. From the moment of fertilization onwards, a unique human being comes into existence where none existed before. Accordingly, this person's right to life deserves full constitutional protection, as promised by law to all other members of our society. With over 106 000 abortions occurring annually in Canada*we cannot remain silent. *Stats Canada, 2001(not including abortion clinics who do not give stats or persons using MAPs (Morning After Pills)).
